Q. At the time you wrote this blog post, was the mobile industry undergoing a transformation of sorts?

A. In my opinion, yes.

Q. And Android was an embodiment of that transformation; is that correct?

A. Android was a part of that transformation. It was part of that overall shift.

Q. Do you believe that Android transformed the mobile industry as well?

A. I think I answered that before. In some ways, yes.

. . .

Q. Was Android transformative?

A. I think I already answered that, that I believe in some ways, yes.
